HOW TO PLAY:

Pick a bingo box and participate in the activity in that box. Each box points to an activity from previous Easter Egg Rolls, uses WHHA materials, or is a springtime activity. Once you complete an activity, make an X over that box.

You'll achieve a "bingo" when you create a vertical, horizontal, or diagonal string of five boxes. Don't forget to start by making an X over the free space!

Visit whitehousehistory.org to access all activities referenced above noting "WHHA."
